Object: Recommending Alexander CHOQUENAIRA FLOREZ for a visa to visit NII in Tokyo, Japan

I, the undersigned Hervé Rivano, Full Professor at INSA Lyon and head of the Inria/INSA Lyon research team Agora, officially recommend Alexander Choquenaira Florez for being granted a visa to Japan. He has been awarded a grant by both the National Institute of Informatics (NII) of Japan and Inria of France for an internship under the supervision of Prof Megumi Kanedo at NII, from October 2026 to February 2027.

Alexander Choquenaira Florez is a PhD student in my team. He works under my joint supervision with Juan Fraire, Inria researcher member of the team. We are all very honored and looking forward this internship that will contribute to developing our already existing collaboration with Prof Megumi Kanedo and NII.

To be submitted to the appropriate party

Prof. Hervé Rivano
Head of Inria/INSA-Lyon Agora team
